The composition of the Short Dance in the season 2017/18 is as follows: Cha Cha Congelado plus any number of the following rhythms: Rhumba, Samba, Salsa, Merengue, Mambo, Bachata and any closely related Latin American rhythm.

Required Short Dance Elements: One (1) sequence of Cha Cha Congelado. Each section of the Cha Cha Congelado must be skated one after the other. Section 1(steps #1 - 17) followed by Section 2 (steps #18 - 38) with Step #1 skated on the judges opposite side.

The Pattern Dance Elements must be skated on the Cha Cha Rhythm. The tempo of music throughout the Pattern Dance Elements must be constant and in accordance with the required Tempo of the Pattern Dance Element Cha Cha: i.e. 29 measures of 4 beats or 116 beats per minute, plus or minus 2 beats per minute.

The Dance Spin is not a Required Element. Nevertheless, a spinning movement skated by the couple together in any hold around a common axis on one foot (or two feet) with any number of rotations is permitted. A couple may choose to use this movement as part of their choreography. The Technical Panel will ignore these movements and the Judges will not consider these movements as one of the permitted stops.

The Program Components are multiplied by a factor of 0.8

If interested we provide Short Dance for the levels Elite Masters and Masters. Technical requirements are the same as for Adult Short Dance.

3.3 Ladies/Men Artistic Free Skating

The maximum time for Bronze to Gold is 1 minute and 40 seconds but may be less.

The maximum time for Masters/Elite Artistic Free Skating will be 2 minutes and 10 seconds, but may be less.

Vocal music is permitted.

Competition will be held at the Elite Masters, Masters, Gold, Silver and Bronze level for Men and Ladies.

The artistic event will be judged only on the basis of Program Components. The Program Components are multiplied by a factor of 1.6.

There will be no technical panel and no technical score given.

The artistic program consists of a variety of skating moves selected for their value in enhancing the skater's interpretation of the music. Skaters will be judged on their ability to interpret the music by movement and by using their skating skills.

The artistic free skate is a competitive program which must include elements of the sport of figure skating. At least one (1) but a maximum of two (2) single jumps and at least one (1) but a maximum of two (2) spins **MUST** be included. No axel or double jumps are allowed. Credit for jumps and spins is based solely on the ability of such movements to enhance the chosen music. Credit will not be given for their technical difficulty. Elite Masters can do any type of jumps.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps which should be used only to reflect the character, rhythm and nuances of the chosen music.

Any element exceeding the maximum number as set forth above will be judged as an illegal element (1.0 deduction); if there is no jump or no spin element included or only a jump and no spin or vice versa a deduction for a "missing element" of 1.0 will be made. The Referee is responsible for such deductions. Costumes should be simple, tasteful and selected to enhance the performance by appropriately reflecting the character of the music and theme.

Props may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are not permitted. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted. The Referee is responsible for prop deductions.

There is no deduction for „illegal“ elements (like extended sliding/kneeling on the ice, sitting on the boards).

Somersault type of jumps are not permitted. A deduction of 1.0 will be given.

- f. A maximum of one (1) pivot figure (position optional). At least a 1 revolution in pivot position by the man is required.
- g. A maximum of one Choreographic Sequence (ChSq) that fully utilizes the ice surface. A Choreographic Sequence consists of any kind of movements like steps, turns, spirals, arabesques, spread eagles, Ina Bauers, hydroblading, transitional (unlisted) jumps, spinning movements etc. The pattern is not restricted. A Choreographic Sequence has a base value and will be evaluated by the judges in GOE only.

The Program Components are multiplied by a factor of 1.6

3.5 Pair Artistic Free Skating General

Competition will be held at the Masters, Intermediate and Adult Level.

Each pair artistic team must consist of one man and one lady.

The artistic event will be judged only on the basis of the program components. There will be no technical panel and no technical mark given. The Program Components are multiplied by a factor of 1.0.

The artistic program consists of a variety of skating moves selected for their value in enhancing the skater's interpretation of the music. Pairs will be judged on their ability to interpret the music by movement and by using their skating skills.

Credit for technical elements is based solely on the ability of such movements to enhance the chosen theme and support the music. Credit will not be given for their technical difficulty.

The program must be developed through skating skill and quality rather than through non-skating actions such as sliding on one knee or excessive use of toe steps which should be used only to reflect the character of the program and to underline the rhythm and nuances of the chosen music.

Any element exceeding the maximum number as set forth below will be judged as an illegal element (1.0 deduction); if there is no jump/throw jump or no spin element or no spiral element or no lift element a deduction for a "missing element" of 1.0 will be made. The Referee is responsible for such deductions.

Props may not be used in any part of the artistic programs. Any item that is held in the hand or removed during the performance is considered a prop. Thus, for example, a hat worn throughout the program is not considered to be a prop, but if it is intentionally removed during the performance it is considered a prop. Objects on the ice, thrown in the audience, placed on the boards or on the judges table are not permitted. Costumes that contain particles that may mar or leave anything on the ice surface (feathers, boas, excessive beading) are considered unsafe and are not permitted. The Referee is responsible for prop deductions.

There is no deduction for „illegal“ elements (like extended sliding/kneeling on the ice, sitting on the boards).

Somersault type of jumps are not permitted. A deduction of 1.0 will be given.
